

CUTHBERT LAB

NAVIGATING TOWARD HEALTH AND WELLNESS

Amanda Pereira has almost a decade of experience working in psychological research. After graduating summa cum laude with a Specialized Bachelor of Arts in Psychology from York University, Amanda continued working in psychosocial oncology research as the Project Coordinator for a study exploring the effectiveness of an online intervention program for young couples diagnosed with breast cancer.

Since then, Amanda has continued to work in the area of oncology research on various projects in affiliation with York University, Sunnybrook Hospital, and University of Calgary all primarily in the area of oncology research. She works with the Cuthbert Lab as a transcriptionist on a number of their projects, including Healthcare Provider and Patient Views on Prescribing Opioids for Cancer Patients.
